

Commercial Pipeline Board Packet

Revenue pipeline and customer risk packet

Company: Solaris Endovascular, Inc.	Prepared: 2026-05-27
Status: Synthetic company data for demo ingestion	Demo Use: Data-room ingestion and citation testing

Pipeline Snapshot

- 2026 forecast revenue: \$7.95 million.
- Contracted or high-probability revenue includes Hanse Neurovascular, St. Brigid Research Hospital, and MedBridge Education.
- Pipeline upside includes distributor expansion in the Middle East, clinical-study site training, and a non-recurring engineering services proposal.

Top Pipeline Accounts

- Hanse Neurovascular GmbH: \$1.45 million expected 2026 revenue, contracted expansion.
- St. Brigid Research Hospital: \$620,000 expected 2026 revenue, active evaluation.
- AsterMed Trading: \$980,000 expected 2026 revenue at 55% probability, LOI stage.
- VectorCath OEM: \$720,000 expected 2026 revenue at 70% probability, engineering services proposal.

Commercial Gating Events

- No U.S. commercial product revenue before FDA marketing authorization.
- Distributor renewals depend on training demand and clinical evidence generation.
- Direct sales hiring should be staged to clearance and value-analysis committee readiness.

Demo data room packet. Company-specific Solaris information is synthetic unless explicitly identified as public-source context.
