

Material Contracts Summary

Synthetic legal packet for customer, supplier, and CRO diligence

Company: Solaris Endovascular, Inc.

Prepared: 2026-05-27

Status: Synthetic company data for demo ingestion

Demo Use: Data-room ingestion and citation testing

Customer Contracts

- Hanse Neurovascular GmbH: OUS distributor agreement through 2026-12-31 with \$1.45 million 2026 minimum commitment.
- St. Brigid Research Hospital: evaluation and training purchase order through 2026-06-30 with \$620,000 minimum commitment.
- MedBridge Education: physician training kit supply agreement through 2026-09-30 with \$240,000 commitment.

Supplier Contracts

- Primary braided-shaft supplier: qualified supplier with annual price adjustment clause.
- Secondary braided-shaft supplier: qualification in progress; not yet released for pivotal inventory.
- Sterilization vendor: master services agreement under legal review.

CRO Contract

- Draft pivotal-study CRO agreement under budget review.
- Key open items: pass-through cost cap, site-startup milestones, data ownership, and termination assistance.

Diligence Risks

- Supplier concentration remains a key operating risk.
- Some customer commitments can be delayed or terminated for unshipped units.
- CRO contract timing can affect pivotal-study activation.

Demo data room packet. Company-specific Solaris information is synthetic unless explicitly identified as public-source context.
