Approval Policy

- No investor-visible DD report section is published without founder approval.
- Financial, clinical, and regulatory claims must cite an approved source document.
- Sensitive sections remain gated by investor access level.

Demo Use

- Use this packet to show that the agent can explain freshness, republishing, and evidence approval history.
- A strong answer should distinguish draft content from founder-approved published content.

Demo data room packet. Company-specific Solaris information is synthetic unless explicitly identified as public-source context.
