

Investor Engagement Dashboard Export

Founder view of Q&A activity and warm leads

Company: Solaris Endovascular, Inc.	Prepared: 2026-05-27
Status: Synthetic dashboard data for demo ingestion	Demo Use: Data-room ingestion and citation testing

Engagement Summary

- Sophia Klein at MedVector Strategic asked 24 questions, opened 15 documents, clicked 47 citations, downloaded the DD summary, and has a warm-lead score of 96.
- Amara Singh at Northstar Growth Partners asked 18 questions, opened 12 documents, clicked 31 citations, downloaded the DD summary, and has a warm-lead score of 92.
- Elena Torres at Keiretsu Forum asked 13 questions, opened 9 documents, clicked 20 citations, downloaded the DD summary, and has a warm-lead score of 81.

Recommended Actions

- Offer Sophia Klein a strategic partnership call.
- Offer Amara Singh a CEO meeting and regulatory deep dive.
- Offer Elena Torres a clinical advisory meeting.
- Ask Daniel Reed to complete NDA upgrade for gated access.
- Send Marcus Hill a DD summary reminder.

Demo Use

- Use this packet to demonstrate founder dashboard analytics, investor intent scoring, and meeting prioritization.
- A strong agent answer should cite this document when asked which investors look ready for a meeting.

Demo data room packet. Company-specific Solaris information is synthetic unless explicitly identified as public-source context.
